

QMEP: Quality Measurement Enhancement Project

- Partners: SoLaHmo¹, MN Safety-Net Coalition², MNACHC³, MDH⁴
- Dates: 2007-2018
- Purpose:
 - Identify clinicians' perspectives of quality measures from working in high and low resource clinics
 - Identify diverse community members' concepts of quality primary health care
- Methods:
 - Clinicians: Key informant interviews and focus groups
 - Community: Listening sessions with community leaders from 7 groups (Black/African American, GLBTQTS, Hmong, Latino, Native American, Somali, White)
- Results/Applications:
 - [Clinicians](#)
 - [Community Leaders](#)
 - Reports submitted to MDH to inform development of new statewide quality measurement framework
- Funders: Internal West Side funds, MDH and AHA
- Team Members: Misty Blue¹, Naima Dhore¹, Cindy Kaigama¹, Mo Mike¹, Luis Marty Ortega¹, Marcela Soto¹, Mai See Thao¹, Maiyia Yang¹, Lynne Ogawa¹, Kathie Culhane-Pera¹, Shannon Pergament¹, Michael Scandrett²
