

Minnesota Community Care Discount: Affordable Care for the Whole Family

Minnesota Community Care (MN Community Care) is dedicated to providing affordable care. Our sliding fee discount can lower the cost of care for you and your family.

How do I apply?

Fill out an application with our reception team. The discount is based on your household size and total income. All we need to know is:

1. Your monthly household income. We can get this information by:

- Paycheck stub
- Current tax return
- Unemployment benefits statement
- Other papers that show your income

2. Your household size. This includes:

- Spouse/partner
- Anyone related to you living in your house
- children

How much will I pay?

What you pay will be based on category for which you qualify. There are separate fees for medical, dental and pharmacy services. This means you will be charged each time you use them, even if they are all in the same day. See the chart:

If you don't qualify or do not apply and are uninsured, you will need to pay \$150 at the time of your visit. You will be billed for all costs over that amount. Those who don't pay within 90 days are referred to a collection agency.
